

Invitation to the webinar "Current legislation for fluorine-containing firefighting foam agents"

F	Wednesday, 20/04/2022
A	02:00 – 04:00 pm
C	seminar@sthamer.com
T	95€ net/participant
S	via GoToMeeting

Dear Clients

We cordially invite you to our webinar "Current legislation for fluorine-containing firefighting foam agents", in which our *Dr. Thomas Leonhardt* discusses present issues and topics, such as the handling of current foam stocks and the associated importance for the procurement of firefighting foam agents.

Your benefits:

- Convenient knowledge acquisition through location independency
- Possibility of interaction and clarification of questions
- Obtaining a certificate of participation with treated content

Simply register via seminar@sthamer.com by 25 MAR 2022.

After receipt of payment we will send you an order confirmation and the access code.

We are looking forward to seeing you.

Your Dr.STHAMER-Team
