Dr. STHAMER HAMBURG

SEC	TION 1: Identification of the	substance/mixture and of the company/undertaking
1.1	Product identifier	
	STHAMEX [®] -Performa UFI: 5AAT-T085-W00C-F3R8	ance 1% F-10 #9147
1.2	Relevant identified uses of the	substance or mixture and uses advised against
	Use of the substance/mixture	
	Fire-extinguishing foam	
1.3	Details of the supplier of the sa	fety data sheet
	Manufacturer	Fabrik chemischer Präparate von Dr. R. Sthamer GmbH & Co. KG
	Street	Liebigstraße 5
	Postal code/City	D-22113 Hamburg
	Country	Deutschland
	Telephone	+49 (0)40/736168-0
	Telefax	+49 (0)40/736168-60
	E-mail (competent person)	labor@sthamer.com
	Website	http://sthamer.com
	Department responsible for information	Dr. Prall, +49 (0)40/736168-31
	Emergency telephone number	+49 (0)40/736168-0
1.4	Emergency telephone number	
	GIZ-Nord Poisons Centre of the University of Gö	ottingen
	Telephone	+49 (0)551/19240

SECTION 2: Hazards identification

The information in this section and in all following sections (unless otherwise stated) refer to the product in the delivery condition (concentrate). The ready-to-use solutions prepared according to the dilution recommendation are to be classified differently (see Section 16).

2.1	Classification of the	substance or mix	xture
	Classification according to R	egulation (EC) No 1272/2	2008 [CLP]
	Skin Irrit. 2 H315 - Eye Irrit. 2 H	319	
2.2	Label elements		
	Labelling according to Regula	ation (EC) No. 1272/2008	[CLP]
	Hazard pictograms		
	0		
	Signal word	WARNING	
	Hazard statements	H315	Causes skin and eye irritation.
		H319	Causes serious eye irritation.
	Precautionary statements	P262	Do not get in eyes, on skin, or on clothing.
	-	P273	Avoid release to the environment.
		P280	Wear protective gloves/protective clothing/eye protection/face protection/hearing protection/
		P301+P330+P331	IF SWALLOWED: rinse mouth. Do NOT induce vomiting.
		P303+P361+P353	IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water [or shower].
		P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Revision date: 20.10.2021 SD - 9147 - V04 - STHAMEX-Performance 1% F-10 #9147 - EN

BETAINES, C12-14-ALKYLDIMETHYL:	
This substance does not meet the PBT/vPvB criteria of REACH, Annex XIII.	
INGREDIENTS NOT CLASSIFIED AS HAZARDOUS SUBSTANCES:	
The substances in the mixture do not meet the PBT/vPvB criteria according to REACH, annex XIII.	
The data refer to the product as delivered. The solutions for use produced according to dilution recommendations are to be o	lassified
differently.	
Can harm the aquatic fauna when entering surface waters.	
Can harm the bacteria population in waste water treatment plants when entering the sewerage system.	Let a let
Breathing is not possible whilst submerged in the foam. Take care when spraying people!	
Concentrated surfactant solutions always pose a danger to aquatic life because they greatly reduce the surface tension of wa	
disrupting all life processes associated with it. In sewage treatment plants, for example, the necessary aeration of the sewage	
hindered by the strong foam formation.

R. STHAMER HAMBURG

WATER CAS No.: 7732-18-5 Concentration: 25 - 60% The substance is classified as not hazardous according to regulation (EC) No 1272/2008 [CLP].

The product does not contain any relevant amounts of substances that are on the SVHC list.

Full text of H- and EUH-statements: see section 16.

SECTION 4: First aid measures

4.1 Description of first aid measures

General information

Remove contaminated, saturated clothing immediately. Wash thoroughly the body (shower or bath). Observe risk of aspiration if vomiting occurs. When in doubt or if symptoms are observed, get medical advice.

Following inhalation

Provide fresh air. Consult a doctor immediately in the case of inhaling spray mist and show him packing or label.

In case of skin contact

Wash immediately with:: Water

After eye contact

In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist.

Following ingestion

Do NOT induce vomiting. If accidentally swallowed rinse the mouth with plenty of water (only if the person is conscious) and obtain immediate medical attention.

4.2 Most important symptoms and effects, both acute and delayed

Dizziness Nausea

Gastrointestinal complaints

4.3 Indication of any immediate medical attention and special treatment needed

If unconscious but breathing normally, place in recovery position and seek medical advice. IF SWALLOWED: Immediately call a POISON CENTER/doctor/....

SECTION 5: Firefighting measures

5.1 Extinguishing media

The product itself does not burn.

Co-ordinate fire-fighting measures to the fire surroundings.

5.2 Special hazards arising from the substance or mixture

The product itself does not burn.

5.3 Advice for firefighters

Regardless of the admixture of a foam agent, extinguishing water can be heavily contaminated with hazardous substances due to the

9

V-04 Print date: 28.10.21 Page 5 of 24

r.STHAMER HAMBURG

absorption of fire residues and should therefore, if possible, not enter the sewage system or bodies of water.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures Provide adequate ventilation.

6.2 **Environmental precautions**

Cover drains.

Do not allow to enter into soil/subsoil. Do not allow to enter into surface water or drains.

6.3 Methods and material for containment and cleaning up

Take up mechanically, placing in appropriate containers for disposal. Treat the recovered material as prescribed in the section on waste disposal. Suitable material for taking up Sand Sawdust Chemical binding agents, containing acids

6.4 Reference to other sections

Safe handling: see section 7 Personal protection equipment: see section 8 Disposal: see section 13

SECTION 7: Handling and storage

7.1	Precautions for safe handling
	Avoid
	Skin contact
	Eye contact
	Wear personal protection equipment (refer to section 8).
	Measures to prevent fire
	The product is not
	oxidising
	Combustible
	Flammable
	Explosive
	Highly flammable
	No special fire protection measures are necessary.
	Environmental precautions
	Shafts and sewers must be protected from entry of the product.
	Advices on general occupational hygiene
	When using do not eat, drink, smoke, sniff.
7.2	Conditions for safe storage, including any incompatibilities
	Technical measures and storage conditions
	Do not store at temperatures above: +50°C

V-04 Print date: 28.10.21 Page 6 of 24

 Requirements for storage rooms and vessels

 Suitable container/equipment material

 Refined steel

 Polyethylene (PE)

 Unsuitable container/equipment material

 Aluminium

 Light metal

 Copper

 Zinc

 Alloy, containing copper

 Alloy, contains light metal

 Iron.

 Steel

Hints on joint storage

Storage class

12: non-combustible liquids that cannot be assigned to any of the above storage classes

7.3 Specific end use(s)

Fire-extinguishing foams based on synthetic surfactants Do not use for cleaning purposes.

Recommendation

Observe technical data sheet.

SECTION 8: Exposure controls/personal protection

8.1	Control parameters
	Substance name: 2-(2-BUTOXYETHOXY)ETHANOL
	CAS No.: 112-34-5
	REACH No.: 01-2119475104-44-XXXX
	United Kingdom
	Long-term occupational exposure limit value: 10 ppm; Limit value type (country of origin): TWA (EN)
	short-term occupational exposure limit value: 15 ppm; Limit value type (country of origin): STEL (EN)
	European Union
	Long-term occupational exposure limit value: 10 ppm; Limit value type (country of origin): TWA (EC)
	short-term occupational exposure limit value: 15 ppm; Limit value type (country of origin): STEL (EC)
	Germany
	Long-term occupational exposure limit value: 10 ppm; Limit value type (country of origin): AGW (DE)
	short-term occupational exposure limit value: 15 ppm; Limit value type (country of origin): Peak (DE) Ireland
	Long-term occupational exposure limit value: 10 ppm; Limit value type (country of origin): TWA (IE)
	short-term occupational exposure limit value: 15 ppm; Limit value type (country of origin): STEL (IE)
8.2	Exposure controls
	Advices on general occupational hygiene
	Minimum standard for preventive measures while handling with working materials are specified in the TRGS 500.
	Avoid contact with skin, eyes and clothes.
	Remove contaminated, saturated clothing.
	Wash contaminated clothing prior to re-use.
	Wash hands before breaks and after work.
	Apply skin care products after work.

V-04 Print date: 28.10.21 Page 7 of 24

Eye/face protection

Suitable eye protection Eye glasses with side protection goggles Face protection shield Recommended eye protection articles DIN EN 166

Hand protection

Suitable gloves type Gloves with long cuffs Suitable material NBR (Nitrile rubber) Butyl caoutchouc (butyl rubber) Breakthrough time 120 min. Thickness of the glove material > 0.6 mm Recommended glove articles EN ISO 374 Breakthrough times and swelling properties of the material must be taken into consideration.

Body protection Body protection: not required.

Respiratory protection

Usually no personal respirative protection necessary.

Environmental exposure controls

Store concentrate according to national regulations. Do not let the concentrate get into the environment. If possible, hold back the application solution and dispose of after use.

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

a)	Physical state			:	Liquid		
b)	Colour			:	colourless / yellow		
C)	Odour			:	Glycol, Ether, Surfactant		
d)	Melting point/freez	ing point		:	-10°C	EN 1568:2018	8
e)	Melting point/freez	ing point		:	> 100°C	DIN 51751	
f)	Flammability			:	not applicable		
g)	Lower and upper e	explosion limit/fla	mmability				
	limit			:	No data available		
h)	Flash point			:	No flash point up to 100 °C.		
i)	Ignition temperatu	re in °C		:	not applicable		
j)	Decomposition ter	nperature		:	No data available		
k)	рН	at °C	20	:	6,5 - 8,5	DIN 19268	
I)	Viscosity	at °C	20	:	< 50 mm²/s	DIN 51562	Newton
		at °C	-10	:	< 350 mm²/s	DIN 51562	Newton
m)	Solubility			:	Water: completely miscible	OECD 105

12.7 Other adverse effects

SECTION 13: Disposal considerations

13.1 Waste treatment methods

Waste disposal according to directive 2008/98/EC, covering waste and dangerous waste. Dispose of waste according to applicable legislation.

Waste codes/waste designations according to EWC/AVV

Waste code product

- 16 WASTES NOT OTHERWISE SPECIFIED IN THE LIST
- 1603 off-specification batches and unused products
- 160305* organic wastes containing dangerous substances

Waste code packaging

- 15 WASTE PACKAGING; ABSORBENTS, WIPING CLOTHS, FILTER MATERIALS AND PROTECTIVE CLOTHING NOT OTHERWISE SPECIFIED
- **1501** packaging (including separately collected municipal packaging waste)
- 150110* packaging containing residues of or contaminated by dangerous substances

Remark

Delivery to an approved waste disposal company.

Send to a hazardous waste incinerator facility under observation of official regulations.

SECTION 14: Transport information

14.1 UN number or ID number

none

14.2 UN proper shipping name

not applicable

14.3 Transport hazard class(es)

Land transport (ADR/RID) No dangerous good in sense of these transport regulations. Inland waterway craft (ADN) No dangerous good in sense of these transport regulations. Sea transport (IMDG) No dangerous good in sense of these transport regulations. Air transport (ICAO-TI / IATA-DGR) No dangerous good in sense of these transport regulations.

14.4 Packing group

not applicable

14.5 Environmental hazards

none

Marine pollutant : No

V-04 Print date: 28.10.21 Page 23 of 24

14.6 Special precautions for user

none

14.7 Maritime transport in bulk according to IMO instruments

not applicable

SECTION 15: Regulatory information

15.1	Safety, health and environmental regulations/legislation specific for the substance or
	mixture
	EU legislation
	Regulation (EC) No. 2037/2000 concerning materials, which cause damage to the ozone layer.
	not applicable
	Regulation (EC) No. 304/2003 of the European parliament and of the council concerning the export and import of dangerous chemicals
	not applicable
	Directive 96/59/EC (PCB-guideline)
	not applicable
	Regulation (EC) No. 648/2004 (Detergents regulation)
	The surfactant contained in this mixture complies with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on
	detergents.
	Information according to 1999/13/EC about limitation of emissions of volatile organic compounds (VOC-guideline).
	Volatile organic compounds (VOC) content in percent by weight:: max. 20
	Regulation (EC) No. 842/2006 on certain fluorinated greenhouse gases
	not applicable
	Regulation (EC) No 2019/1021 [POP/PFOS-Regulation]
	The product is manufactured without the intended addition of organofluorine compounds for the purpose of increasing performance and
	therefore does not contain any amount of organofluorine substances beyond the regional ubiquitous background pollution (e.g. in the drinking
	water used for production).
	Regulation (EC) No 2020/784 [PFOA-Regulation]
	The product is manufactured without the intended addition of organofluorine compounds for the purpose of increasing performance and
	therefore does not contain any amount of organofluorine substances beyond the regional ubiquitous background pollution (e.g. in the drinking water used for production).
	Regulation (EC) No 2021/1297 [C9-C14-PFCA-Regulation]
	The product is manufactured without the intended addition of organofluorine compounds for the purpose of increasing performance and
	therefore does not contain any amount of organofluorine substances beyond the regional ubiquitous background pollution (e.g. in the drinking

water used for production).

National regulations

Störfallverordnung

This product is not classified according to StörfallVO.

Water hazard class

slightly hazardous to water (WGK 1)

V-04 Print date: 28.10.21 Page 24 of 24

ESTHAMER HAMBURG

Self-classification according to AwSV (mixture).

Annex Chemikalien-Verbotsverordnung (ChemVerbotsV) not applicable

15.2 Chemical Safety Assessment

Chemical safety assessments for substances in this mixture were not carried out.

SECTION 16: Other information

The product described in the Safety Data Sheet may only be used for its intended purpose. For exercises please observe the recommendations of the technical committee of BMU/LAMA. The details in this safety data sheet are based on today's stand of our knowledge and is applicable to the product with regard to appropriate safety precautions. They do not represent any guarantee of the properties of the product and do not establish any legal relationship.

Please refer to our internet website for more information: www.sthamer.com

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material.

Classification for the 1% application solution of STHAMEX-Performance 1% F-10 #9147:

The information in this safety data sheet only applies to the unchanged product in the delivery condition. An application solution prepared therefrom by diluting it with water as recommended usually has significantly fewer hazardous features due to the dilution principle and can even be unclassified. See also the environmental data sheet provided by us.

Relevant R-, H- and EUH-phrases (Number and full text)

- H302 Harmful if swallowed or if inhaled.
- H315 Causes skin and eye irritation.
- H318 Causes serious eye damage.
- H319 Causes serious eye irritation.
- H412 Harmful to aquatic life with long lasting effects.
