SECTION 4: First aid measures

4.1 Description of first aid measures

General information

Remove contaminated, saturated clothing immediately. Wash thoroughly the body (shower or bath). Observe risk of aspiration if vomiting occurs. When in doubt or if symptoms are observed, get medical advice.

Following inhalation

Provide fresh air.

Consult a doctor immediately in the case of inhaling spray mist and show him packing or label.

In case of skin contact

Wash immediately with:: Water

After eye contact

In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist.

| 5.1 | Extinguishing media |
| | The product itself does not burn. Co-ordinate fire-fighting measures to the fire surroundings. |
| | |
| 5.2 | Special hazards arising from the substance or mixture |
| | The product itself does not burn. |
| 5.3 | Advice for firefighters |
| | Regardless of the admixture of a foam agent, extinguishing water can be heavily contaminated with hazardous substances due to the |
| | absorption of fire residues and should therefore, if possible, not enter the sewage system or bodies of water. |
